

CAMILO BELLVIS S.L. company dedicated to the design, development and manufacture of stainless steel boilermaking, has always opted for quality as a starting point for our products.

The more than 100 years of business seniority, endorse the good work of the company, the quality of our products and the human and professional value of our workers.

The Management of CAMILO BELLVIS S.L. is aware of the importance of quality as a strategic factor in the competitiveness of the company and is fully involved in its management and in the continuous improvement of all its processes and products.

It is the commitment with quality that makes that from the direction of CAMILO BELLVIS S.L., we apply the following premises in its Quality Policy:

1. Determine the needs and expectations of customers, and, together with legal and regulatory requirements, achieve their satisfaction and confidence.
2. To respond quickly to the demands of our clients in compliance with established deadlines, without detriment to the quality of our products, with a good customer service and after-sales service.
3. Develop mutually beneficial relationships with suppliers and customers, which add value to our activities.
4. Encourage satisfaction, motivation and both personal and professional development of workers by offering the necessary training and adequate equipment and facilities.
5. Reduce our environmental impact and raise job security in all our processes.
6. Continuously improve our quality management system, productivity and the relationship with our suppliers and customers; measuring, reviewing and adapting the processes periodically.

This Quality Policy is the frame of reference for establishing an Annual Quality Management Plan, whose compliance is evaluated and reviewed by management and disseminated within the organization.

Therefore, the management urges to comply with and enforce this quality policy and provides the necessary means and resources for this purpose.

Zaragoza, 04/01/18

Camilo Bellvis
